Suffolk County Dept. of Planning, dated 7/21/77,
relating to Town of Southampton amended Zoning Ord. #26.
If any objections notify before August 10th. Filed.

Alex E. Horton, Supt. of Highways, dated 7/25/77,
stating that several of the sumps have not been dug out
with a crane for the past two to four years, and adding
that this could cause a flooded condition this winter.
Requesting \$5,000 as there are no funds in his budget to
do this work, which would have to be done before September
10, 1977.

Also advising that the Highway barn is very badly
in need of repairs.

Also stating that the cost to complete Woodland
Avenue in Reeves Park (an area of 250 feet by 16 feet wide)
with loam and two coats of oil would be a general Town
charge of \$1,500.00. Filed.

Supervisor Smith then stated: "I've asked Mr.

Horton by letter today to supply us with a list of the sumps and the work he wishes done."

Dr. Charles F. Baldini, dated 7/26/77, expressing thanks to the Town Board for installing sign denoting end of public beach in South Jamesport.

Requesting additional signs be placed between the one recently installed as people still cross and are not aware of the transgression.

Stating further that these people litter the beach and suggesting that the attendants advise the people that go beyond the public area. Adding that on the July 4th weekend his guests and immediate neighbors had difficulty finding a place on this private beach and expressing hope that the Board will consider the suggestions as submitted. Filed.

William C. Haugaard, dated July 26, 1977. Advising that the Shorewood Water Corp. accepts the franchise to operate in Wading River and will provide the bond and survey as required.

Also in the meantime the necessary steps are being taken to obtain approval from the Dept. of Environmental Conservation and other legal matters. Filed.

Riverhead Central School District, dated 7/27/77, submitting a certified copy of resolution of the Board of Education of the Riverhead Central School District, Towns of Riverhead, Southampton and Brookhaven, said resolution granting the increase from \$6,500 to \$7,200 as the amount of net income allowed for persons of age 65 years or over to be eligible for partial real property tax exemption in accordance with Section 467 of the Real Property Tax Law. Filed.

William C. Haugaard, Esq., dated 7/28/77 relating to Shorewood Water Corp. Extension of Franchise.

Stating his client Shorewood Water Corp. hereby applies for an extension of its franchise to use the streets of the Town and to engage in the business of a water works corporation in the Town of Riverhead, as follows:

COMMUNICATIONS - continued

The use of Dogwood Drive, Wading River, from its point of intersection with the LILCO right of way south and across N.Y.S. Route 25A.

The purpose of this application is to permit the corporation to supply water to the proposed funeral home to be located on the south side of 25A. It should be noted, however, that the extension would permit service to anyone within 150 feet of the extended line.

The basis of the application for this extension is as stated herein, and in reliance on the facts set forth in the company's recent original application.

We request that this matter be set for hearing as required by law. Filed.

Supervisor Smith then stated: "Miss Block have Mr. Haugaard speak to Mrs. Tomlinson about arranging another hearing in Wading River, and I would suggest on this one that we advise Mr. Haugaard if we're going to keep coming back and back and back on this issue, that this time he picks up the cost of the stenographer and his client. And Mrs. Tomlinson you'll arrange for the school and all that? Mrs. Tomlinson having voted no on that particular resolution is less than enthusiastic."

William W. Esseks, Esq, dated 7/29/77. Advising that Alexander E. Horton withdraws his application for renewal of the Open Development Area over certain rights of way known as South Road Gladys Drive and Rita Court, in the hamlet of Wading River, Town of Riverhead. Filed.

PERSONAL APPEARANCES

Supervisor Smith: "Our first hearing is scheduled for 8:00 P.M. and it relates to certain amendments to the ordinances dealing with beaches and beach parking. I will, until 8:00 o'clock rolls around, entertain anyone who wishes to address the Town Board on any matter. Those of you who have not previously appeared before the Town Board,

PERSONAL APPEARANCES - continuedSupervisor Smith continued

I ask that you please use the microphone, give your name and address to Miss Block and with the numbers of persons that we have here this evening, I would suggest that we keep to about five minutes a person and we'll let you have a chance to speak again after everybody else has had a chance. Is there anyone that chooses to address the Board on any matter?"

Irving Mack, Riverhead; "You're talking about jobs when bids come in. All this work is going around here and we're in the union, we're paying our monthly dues and we can't even get a job. We have to pay taxes in this Town, so I think we have a part - just a right for jobs around here like everybody else."

Supervisor Smith: "Mr. Mack, as you may or may not know, we have made application for and have every hope of receiving a large amount of public works money about a million seven hundred thousand dollars. This will be sewer work - major renovation work, etc. Some of the jobs that you heard bid here this evening, are probably by comparison to some other jobs which you might call house renovations - the detention cell is about \$8,000 - the other job is about \$16,000. For instance, the Sewer Extension that is contemplated on Ostrander Avenue and it will most definitely be a union job. It will be half a million dollars. There are other water district extensions and things of that nature."

Irving Mack: "Make sure they're union - not non-union like it's going on in Shoreham - same thing. They let the contractor come in, right with a bid - guys loose their house and everything - they don't even have a job."

Supervisor Smith: "Well I think Shoreham is a union job, Sir - you're talking about Brookhaven Lab."

Irving Mack: "Brookhaven Lab - it's non-union. Guys are still out of work and people are losing their houses."

Mike DeNicolo, 200 Priscilla Avenue, Flanders; "Mr. Supervisor and the Town Board, I would just like to pin a few laurels tonight on the Riverhead Town Board. I think they've done one hell of a job this year, and I know elections are coming up and sure would like to see the present Board back in. Roughly citing, some of the things that you have done in the present year, as far as the credit ratings for the Town of Riverhead on your bond anticipation notes, I think you've done a tremendous job getting that

PERSONAL APPEARANCES - continuedMike DeNicolo continued

percentage. Your public relations as far as new businesses are concerned to entice people to come into the Town of Riverhead so we can have enough jobs to spread around to these fellows who are out of work. The Northville Dock I think is a fantastic thing. There are people working up there besides the tax revenue that will come to the Town of Riverhead. I think everybody had their eyes open on this thing and it was great - loved to see it."

The Veterans Cemetery which is in dire need - most of the people in here are Veterans and would like to know where they're going to go.

As far as 821 is concerned, I think the clean-up has been fantastic, crime rate has been down, housing has been cleaned up and I think the people that are living in that area are very kind of proud to say they live in 821 and will be prouder yet. So on behalf of some of the people in the Town of Riverhead, I will say thank you for a wonderful job."

Supervisor Smith recessed the meeting to hold a Public Hearing.

PUBLIC HEARING - 8:00 P.M.

Town Clerk submitted affidavits of posting and publishing Public Notice on the matter of Proposed Amendments to Code of the Town of Riverhead (Beaches and Recreation Centers).

The affidavits were ordered to be placed on file.

Supervisor Smith then stated: "We've experienced the difficulty with the ordinance as it is currently stated whereby the men and women who like to fish especially in the Long Island Sound in the evening for bass and other fish that might be caught at night, launch their boats and then go out depending upon the tide etc., and when they come back after 10:00 o'clock in the evening, they find that they've gotten a parking ticket from the police officers of the Town of Riverhead. The reason that this occurs is that we have a rule and regulation in our ordinances that says there shall be no parking in the public lots after 10:00 P.M. We propose the establishment of a special permit for fishermen, an additional fee and sticker that such be placed upon these vehicles and that those particular vehicles would not be ticketed after 10:00 o'clock. It is a separate sticker, separate and distinct from a sticker someone might use to go to the beach to go swimming.

Does anybody wish to address the Town Board on this particular hearing?"

PUBLIC HEARING - continued

Judge Manning: "I thought with so many people here this evening, that there would be a lot of fishermen in the audience and some certainly that wanted to direct their comments to this particular public hearing. Hearing none or seeing nobody raise their hand and you're about ready to close it, I figured I had to say something.

Certain members of the Town Board know that I'm opposed to this type of _____ not legislation, but fee for the legislation. A couple of years ago, when I was on the Town Board, I fought- lost, but I couldn't see any reason why the residents of the Town of Riverhead had to pay \$3.00 for a sticker to use beaches that we've had for many long years. I'm sure that there are fishermen in the audience - I don't personally fish, but I don't see why someone has to pay \$5.00 to get a sticker to put on their car to use our beaches for parking, while they're out fishing - be it from the land or from a boat. I can see probably the concern that you would have with reference to the Police Department ticketing residents. If you want to establish that type of legislation correcting the ordinance as it now exists, I say give the local people a free permit - give them something that their tax dollars are already paying for and what they should enjoy. Don't charge them \$5.00 or an extra \$1.00 or an extra 25¢. Give them the free permit.

For the residents that live in Southold, Shelter Island, Southampton and so forth, if you want to charge them fifty, be my guest. If you've written it up as twenty-five, I'll live with that, but the local residents should not have to pay another fee for services that we already should be giving them for nothing."

(He was then applauded)

Marie Hoff, Wading River; "I agree with what Judge Manning says about making it possible for local residents to use their beaches and their fishing areas without additional expense. I do ask you when you open what I consider it to be a can of worms by inviting non-residents to purchase stickers for \$25.00 which will allow them to use the beaches for fishing purposes during the course of an entire night. Whether you have taken into consideration the fact that this in essence invites many individuals to make camping grounds of what is adjacent private property. We have had it quite frequently and if there is a patrol at these areas, if you have a guard at parking lots during the course of the evening who monitors the cars - I don't think there would be any problem, but when you introduce something of this kind without the proper safeguards or patrols, I think you're imposing an additional burden on residents."

PUBLIC HEARING - continued

Supervisor Smith: "I would point out that in part due to some of the less considerate people who use the beach - beach buggy association or otherwise, Chief Palmer has proposed and I believe that it's being done, that on the weekends the jeep is going down on the beaches in the evening."

Bob Klement, Wading River; "Just to let the Town Board know that on behalf of all the fishermen in the audience, we urge you please to accept this legislation."

Roger Adragna, Wading River; "My concern is not with the — so much as the boats and the people parking in the lots, but access to the beaches where people who have private beach rights are running fences down past the high water mark. I've spoken to you, Mr. Smith, about it and I believe Mrs. Tomlinson - where it makes it impossible for those people that have vehicles to use the beach at night, you go down, you find the water coming up and you can't get past the fence and you're stuck down there. We've had one complaint about the private beach rights, but if you're going to run a fence just run it to the high water mark and that goes as far as really running it. It's going overboard at this point."

Supervisor Smith: "Mr. Adragna this is a problem and part of it depends upon what claim of title there is to areas beyond the main high water mark and whether there is a claim and that's very difficult to deal with in any particular instance. I can't give you any easy answers on that one."

No one else wishing to be heard Supervisor Smith declared the hearing closed at 8:05 P.M., and re-opened the meeting.

Supervisor Smith: "We have a period of time until the hearing with reference to the HUD thing that I'll explain. We will throw the meeting open again to anyone who chooses to address the Town Board on any matter - any new matter."

No one responded and Supervisor Smith recessed the Meeting for five minutes, after which the meeting resumed.

Supervisor Smith then recessed the Meeting to hold a Public Hearing.

PUBLIC HEARING - 8:15 P.M.

Town Clerk submitted affidavits of publishing and posting Public Notice of Public Hearing on the matter of the formulation of an application pursuant to the Department

PUBLIC HEARING - continued

of Housing and Urban Development for a supplemental Community Development Block Grant not to exceed \$300,000.

The affidavits were ordered to be placed on file.

Supervisor Smith then stated: "If I might translate the legal jargon for you - some of you who have attended on a regular basis who follow the Town Board's progress through the press, know of the thing called Urban County Consortium. The Town of Riverhead is a participating member of the Suffolk County Urban County Consortium under what is called the Housing and Community Development Act of 1974. Now this is the very same act and the very same legislation that the Town of Brookhaven withdrew from participating in and which also the Township of Oyster Bay in the County of Nassau had certain troubles within that County. So because of those two actions, Brookhaven and Oyster Bay, and I believe it was the regional office of the Department of Housing and Urban Development that had advertised for a competition between all of the participating members of both the Urban County Consortium in the County of Suffolk and the Urban County Consortium in the County of Nassau to submit proposals for consideration of applications by September 1st.

Now what we are involved here and let me add - this runs all the way from the smallest community that might participate such as the village of Belle Terre all the way to the largest community such as Huntington. You can get an award of anything from \$5,000 to \$300,000. There is a double barreled hearing process - the first barrel of which we are considering this evening like our proposal for Year III of the Consortium, we throw open to you this evening an opportunity to address yourself to the Town Board on what you, the public, think might be an eligible activity. For consideration by the Town Board and submission by the Town Board to the Department of Housing and Urban Development and two weeks from now - if I can find the notice which I went out to find before - we will have a second hearing when we take what we have considered this evening about this \$300,000 - maximum of \$300,000, and we will present to you what our ideas from having listened to you this evening.

I would point out to you that this is a very very competitive situation - little old Riverhead has to compete against the County of Suffolk, the Town of Huntington, the Town of Babylon, the Town of Islip, all the Townships in Nassau County - so don't start spending the money - if you've got the ideas this evening or even if you concur with the ideas that may be formulated later on - it is a very tough and competitive matter.

Now I throw the hearing open, again the same rules if we may - anyone that would like to come forward and address the Town Board with reference to any ideas that they might have with reference to the submission of programs to HUD for the \$300,000. Would anyone like to come forward and address the Board? Does anyone have any questions of the Board?"

PUBLIC HEARING - continued

Robert Hodge, Chairman of Concerned Citizens Committee; "In regard to this grant the concerned citizens committee that's a committee of concerned citizens, you might say we're concerned about housing. We've gotten involved with some of the situations here in Town and in our deliberations we've thought about beyond the immediate housing situation and as a result of developments relative to 821 East Main Street, the Raspberry Hilton - stemming from the Town Board's involvement with housing problems in the Town of Riverhead. We of the concerned citizens committee are encouraged to support the Supplemental Community Development Grant Application.

And, in furtherance of the Board's demonstrated concern and intent to alleviate some of the more onerous conditions, we suggest that the application be formulated so as to establish an instrumentality empowered to develop a comprehensive program directed to the needs of the young, the seniors, the middle and the low income segments of our Town.

Such an instrumentality operating under the aegis of the Town Board and cooperating agencies, is in our opinions, the only effective way to deal with the complex housing problem to existing here in the Town of Riverhead."

Supervisor Smith: "Is there anyone else that would choose to address the Town Board with reference to this particular program? If not, I would add the following comments which might bring someone forth with some additional thoughts. I would point out to you that at our prior Board Meeting, we have hired some additional professional expertise with reference to housing and housing related problems in the Town of Riverhead. Suffolk Community Development Corp., has retained a young man who has several years of experience with housing and housing related problems both the constructive end of it and the people end of the thing and as a conjunctive effort with the considerations that we're making this evening, there will be a housing survey done which should help us identify those of parcels that are in blight need.

If there are landlords that need to be prosecuted, to have it done and what some of the answers might be for our particular community. If you have thoughts on it and not necessarily this evening, you're welcome to stop and see any of the Town Board Members, we'll explain it to you and what the possibilities are for those of you who are interested in this program, we will be considering what Mr. Hodge's said and what anyone of the rest of you have said and formulating it into a program which will be presented two weeks from tonight. Is there anyone else who wishes to address the Town Board on this particular item?"

No one else wishing to be heard, Supervisor Smith declared the hearing closed at 8:28 P.M., and re-opened the Meeting.
